It will arm you with many transferable skills, including knowledge of the law and its implications, a sense of justice and public responsibility, analytical, research and communication skills, and an ability to work under pressure. A degree from the University of Auckland’s Law School is well-recognised.

## New Zealand’s Leading University

*“The University of Auckland was always my top choice. My brother attended uni here and loved it. Also, in my final years of high school I was fortunate enough to be a part of transitioning programmes provided by the University of Auckland to help high school students move into University.*”

*“Auckland Law School has an extensive range of Law electives available to students. I find it valuable to have such freedom of choice, from a South Pacific Legal Studies elective all the way to a practical Community Law Internship. It’s an excellent feeler to see what you could be interested in.*”

*“Throughout my time at the Auckland Law School, I’ve been involved in the Pacific Islands Law Students Association (PILSA) – which has been around since 1993, and is built on the three pillars of Faith, Education, and Culture. Like many other Pacific Islands Law students in PILSA, I stand on the shoulders of those who’ve come before me. I love to think of PILSA as my home away from home. I’ve been especially privileged in 2023 to serve on the executive team as the Professional Development Officer. I’ve helped our members to craft their legal personas by networking with firms and other legal entities.*”

*“The thing I enjoy most about my studies is being surrounded by like-minded people, especially within the Pacific community here. They’re studying Law for more or less the same reason – to serve our people, our villages.*”

*“My advice for those thinking about making a move to study here at the University of Auckland would simply be to go for it! You never know what awaits you until you take that leap. You’re bound to find your people, and that makes the journey worth it.”*

One degree, unlimited potential. Gain the skills and knowledge to meet the high demands of a wide range of careers within the legal profession and beyond.

### Bachelor of Laws (LLB)

**Duration:** 4 years

**Areas of study:** Commercial Law, Criminal Law, Environmental Law, Family Law, Human Rights Law, International Law, Mediation, Advocacy, Criminal Procedure, Employment, Company Law or choose to generalise. Your first year of the LLB degree needs to be in conjunction with another degree.

### Background

There are no specific subjects that you need to study at school for entry into first-year Law. In general, we advise you to take subjects that you do well in and enjoy.

#### LLB degree structure

##### Part I

\*\*The remaining non-Law course (15 points), can be taken in any of Years 1–5, including Summer School. (i) This conjoint plan allows completion of a conjoint degree programme in five years, but it involves a heavier than normal load in four of the five years. There is no need to complete within the minimum timeframe, and students may wish to enrol for a more manageable load by extending the overall timeframe to five years plus one semester (or longer). (ii) A BE(Hons)/LLB conjoint degree satisfies the requirements of two professional bodies. Students should expect this conjoint to take six years, and are advised to consult with the Student Hubs in the first instance. (iii) Students should expect the BAdvSci(Hons)/LLB to take seven years, and are advised to consult with the Student Hubs in the first instance.

### LLB conjoint degree structure (does not apply to the BE(Hons)/LLB and BAdvSci(Hons)/LLB)

# Conjoint options\*

Conjoint degrees enable you to complete the requirements of two degrees simultaneously, only adding one year of study to the longest degree in most cases. Admission can be in the first year or at any point before you have passed no more than 270 points for either component degree. Continuation depends on you maintaining your academic record to a set standard. Below are conjoint degree options you can pursue:

## **Bachelor of Advanced Science (Honours)/Bachelor of Laws**

The BAdvSci(Hons)/LLB allows you to combine legal acumen with advanced disciplinary knowledge and scientific research skills.

## **Bachelor of Arts/Bachelor of Laws**

The BA/LLB lets you choose from a wide range of subjects offered by the faculties of Arts and Law. You can create your own combination of subjects, provided they comply with the course regulations of both degrees.

## **Bachelor of Commerce/ Bachelor of Laws**

If you intend to practice in commercial, taxation and company areas, then a BCom/LLB is an excellent choice. You will also gain a broad background suitable for a position in management or public administration.

## **Bachelor of Communication/ Bachelor of Laws**

This BC/LLB provides you with an understanding of the roles communication and law have in our world. You will develop expertise in writing, public speaking, cultural competency, critical and analytical thinking, and research.

## **Bachelor of Design/ Bachelor of Laws**

You will develop a strong knowledge of law and public responsibility, and how these relate to designing for multiple industries.

## **Bachelor of Engineering (Honours)/ Bachelor of Laws**

The BE(Hons)/LLB lets you combine legal and professional engineering training. This conjoint is well suited to a career in management within a large engineering firm or in fields such as resource management, intellectual property or information systems.

## **Bachelor of Fine Arts/Bachelor of Laws**

The BFA/LLB conjoint degree allows you to explore and develop your personal art practice alongside a strong knowledge of law and public responsibility.

## **Bachelor of Global Studies/ Bachelor of Laws**

With a BGlobalSt/LLB conjoint, you can complement your legal skills and knowledge with the study of global issues to take on the challenges of global politics, law and human security.

## **Bachelor of Health Sciences/ Bachelor of Laws**

The BHSc/LLB offers you a sound introduction to law and the healthcare sector. This could lead to a career in medical law, health policy, health management or healthcare ethics.

## **Bachelor of Music/Bachelor of Laws**

If you want a degree that provides you with two distinct skill sets, the BMus/LLB is an excellent choice. Follow your passion for music while growing valuable analytical, communication and research skills – and gain an understanding of legal ethics, professional responsibility and the role law plays in society.

## **Bachelor of Property/Bachelor of Laws**

The conjoint BProp/LLB degree provides you with a sound background for work as a specialist legal adviser or for a management position within the property industry. You will also develop an understanding of property valuation, investment, management and marketing.

## **Bachelor of Science/Bachelor of Laws**

If you have an aptitude for science, a conjoint BSc/LLB degree gives you an excellent opportunity to construct a programme of study that can lead to a career in environmental law, intellectual property law, or science.

# How to apply

There is a four-step process to apply for and enrol into the LLB.

## 1. Sign up to apply

Go online and complete the Application to Study form via our website. If you haven't already, you'll be asked to sign up for a new account. It's easy, and you'll soon be underway in making your application.

## 2. Apply for Law (LLB)

**Complete the Application to Study form**

1. Complete sections one and two with your personal information.
2. In section three, under 'Select programme type' choose 'Bachelors'.
3. Then select 'Bachelor of Laws' as your option under 'Programme'.
4. For 'Major/Specialisation' select Law Part I.
5. Complete the rest of the required information.

## 3. Apply for a non-Law degree and conjoint programme

Now you have applied for your LLB degree, you must apply for the two other programmes. You should apply for a standalone bachelors degree programme and a conjoint LLB programme.

Admission to a conjoint programme with Law requires a higher entry standard, which is why we recommend completing three applications.

## 4. Await application assessment

We will start assessing your application for LLB Part I once you've submitted your application for your other degree programme(s). You can check your application status online at any time.

An admission decision will be made within four weeks of receiving all required documents, and some documents can take longer to process than others. Normally offers are given in mid-January, after all your pending results have been released.

*\*Please note, you may receive offers for the two single degrees before you receive an outcome on your conjoint application. You are welcome to accept these offers and if the conjoint offer comes through later, you may accept this and delete the programmes you accepted earlier by connecting with Student Hubs.*

**Overall you should have three applications:**

1. Bachelor of Laws
2. Bachelor of Arts
3. Bachelor of Laws conjoint with Arts

*We recommend putting your application through at least several months in advance.*

*This is an example.*

Students participating in the exchange programme benefit from paying University of Auckland tuition fees while abroad, and if you usually use StudyLink for loans and allowances, these are portable as well.

## University of Cambridge partnership

High achieving Auckland LLB students have the opportunity to commence either a Cambridge LLM or Masters in Corporate Law (MCL) in the last year of their LLB degree. Instead of completing their final semester of law at Auckland, students will undertake either the LLM or MCL. The Cambridge year runs from October to June. Upon successful completion, students will be awarded degrees from both institutions.
