

# Bachelor of Education (Teaching)(Honours) – BEd(Tchg)(Hons) Inclusive Education

## Inclusive Education

This specialisation will build knowledge and capability amongst teachers, therapists, social workers and other allied professionals to support their own and colleagues' inclusive practices in education settings.

## FULL-TIME (One Year)

### New students starting full-time in Semester One, 2024

|                                   |   |
|-----------------------------------|---|
| Semester One<br>2024<br>60 points | EDUCSW 700 - Research Methodologies (30 points)               |
|                                   | EDUC 759 - Inclusive Practices for Neurodiversity (30 points) |
| Semester Two<br>2024<br>60 points | EDPROFST 734 - Frameworks for Inclusive Settings (30 points)  |
|                                   | EDPROFST 790 - Research Project (30 points)                   |

## PART-TIME (Two Years)

### Year One: New students starting part-time in Semester One, 2024

|                                   |   |                                   |   |
|-----------------------------------|---|-----------------------------------|---|
| Semester One<br>2024<br>30 points | EDUC 759 - Inclusive Practices for Neurodiversity (30 points) | Semester Two<br>2024<br>30 points | EDPROFST 734 - Frameworks for Inclusive Practices (30 points) |
|                                   |   |                                   |   |

### Year Two:

|                                   |   |                                   |   |
|-----------------------------------|---|-----------------------------------|---|
| Semester One<br>2025<br>30 points | EDUCSW 700 - Research Methodologies (30 points) | Semester Two<br>2025<br>30 points | EDPROFST 790 - Research Project (30 points) |
|                                   |   |                                   |   |

## Thesis Enrolment

Prior to enrolment in a Thesis, you must complete a Research Methods Course and apply for Research Approval through the Postgraduate Research Approvals and Examinations sub-committee. (This is not Ethics approval - that process is completed with your supervisor).

The steps you need to take are as follows:

- Decide on a research topic and describe this for yourself, once you have a description
- Look for those with a similar interest area and review the list of potential supervisors on the **Supervisor Register**
- Send emails to potential supervisors in the Faculty along with your description of the research you would like to engage in
- Once you have found a supervisor and are both happy with your proposal, please **submit your research proposal online**.

It will then be tabled at the following meeting of the Postgraduate Research Approvals and Examinations sub-committee. For further information, please see **Guide to Theses and Dissertations**.

For further assistance and advice, please email [studentinfo@auckland.ac.nz](mailto:studentinfo@auckland.ac.nz) or visit one of our **Student Hubs**. You can also access a range of information about the University of Auckland online at **AskAuckland**.
