

VIRTUAL & HYBRID EVENTS

Whether you are planning a fully virtual or hybrid event (with face to face component), the University of Auckland's digital event offering has everything you need to create an engaging and positive event experience for your audience. Contact eventservices@auckland.ac.nz to see how they can assist in making your fully virtual or hybrid event a reality.

Virtual Event Portal

A simple and intuitive platform that allows attendees to easily access livestreamed or pre-recorded presentations, and make connections with other attendees and sponsors. Engage your audience with live polls, chat and Q&A, and create valuable 1:1 or small group networking opportunities.

- Secure platform, only accessible via event registration
- Compatible on desktop, mobile and tablet
- Connects to multiple video conferencing tools (zoom, youtube, vimeo +more)
- Custom branded event environment
- Live event timeline personalised for each attendee
- Host event information, speaker bios and additional documents
- Networking and engagement tools
- Virtual exhibitor booths
- ePoster sessions
- Live notifications and updates to attendees
- Presentations viewable on demand post event

Audience engagement
