Other Important Information

The total **enrolment points** for a masters degree must not exceed the minimum points required for that degree by more than 40 points. For example, the required points for the MArch(Prof) is 240 points, therefore the total enrolment points cannot exceed 280 points. Withdrawn (W) courses and failed courses count towards the enrolment points limit.

There are specific **time limits** for completion of masters degrees (see table below). If you are intending to take a break from your study, you will need to apply for a [suspension](#), as even semesters with no enrolments count towards the time limit.

Programme	Enrolment Points Limit	Time Limit (Semesters)	
		Full-time	Part-time
MArch(Prof)	280	4	8
MArch(Prof)HerCons	340	5	10
MArch(Prof)UrbDes	340	5	10
MArch(Prof)UrbPlan(Prof)	400	6	12

Programme	GPA Requirement
MArch(Prof)	4.0 (or B- average) or higher over 90 points in the taught courses
MArch(Prof)HerCons	4.0 (or B- average) or higher over 120 points in the taught courses
MArch(Prof)UrbDes	4.0 (or B- average) or higher over 120 points in the taught courses
MArch(Prof)UrbPlan(Prof)	4.0 (or B- average) or higher over 180 points in the taught courses
